"Impeccably researched and skillfully articulated, Silva's work is a timely primer on the current state of blue-collar Millennials." -Publishers Weekly "[A] brief yet devastating book that blends academic analysis and oral history to put a new face on well-documented trends that are more usually described in the abstract." -Boston Globe "Silva has made a major contribution to understanding where young adults are coming from, what influences them, and what they consider to be common sense." -The American Conservative "Fascinating" -Feministing.com "[A]n enjoyable read and raises important issues that we generally overlook." -Washington Independent Review of Books "Coming Up Short is a brief, but powerful, update of the status, difficulties, behaviors and distresses that characterize the lives of young working class adults...highly recommended for sociologists and social welfare students and academics alike. It informs in telling detail the difficult circumstances and self-perceptions of a significant portion of the American population. It is also a window into how the 'helping professions' have influenced the thinking of young adults and suggests that those professions need to help their clients see their troubles in broader terms than they apparently currently do." -Journal of Sociology & Social Welfare What does it mean to grow up today as working-class young adults? How does the economic and social instability left in the wake of neoliberalism shape their identities, their understandings of the American Dream, and their futures? Coming Up Short illuminates the transition to adulthood for working-class men and women. Moving away from easy labels such

as the "Peter Pan generation," Jennifer Silva reveals the far bleaker picture of how the erosion of traditional markers of adulthood-marriage, a steady job, a house of one's own-has changed what it means to grow up as part of the post-industrial working class. Based on one hundred interviews with working-class people in two towns-Lowell, Massachusetts, and Richmond, Virginia-Silva sheds light on their experience of heightened economic insecurity, deepening inequality, and uncertainty about marriage and family.

Silva argues that, for these men and women, coming of age means coming to terms with the absence of choice. As possibilities and hope contract, moving into adulthood has been re-defined as a process of personal struggle-an adult is no longer someone with a small home and a reliable car, but someone who has faced and overcome personal demons to reconstruct a transformed self.

Indeed, rather than turn to politics to restore the traditional working class, this generation builds meaning and dignity through the struggle to exorcise the demons of familial abuse, mental health problems, addiction, or betrayal in past relationships. This dramatic and largely unnoticed shift reduces becoming an adult to solitary suffering, self-blame, and an endless seeking for signs of progress. This powerfully written book focuses on those who are most vulnerable-young, working-class people, including African-Americans, women, and single parents-and reveals what, in very real terms, the demise of the social safety net means to their fragile hold on the American Dream.

Kognitiv terapi, som også kalles kognitiv atferdsterapi, retter seg mot problemløsning og innsikt i sammenhengen mellom tenkning, handlinger og følelser. En vakker fotsid kjole med fine detaljer. Den har en liten skjorte krage, og lukkes med knapper ned foran. Kjolen har et bånd i livet som kan knytes foran eller bak. Sangtekster : Artister på S.
